

NEW!

Mobility Aids & Medical Equipment

Due to the generosity of our donors, Riviera Lifeline has acquired a selection of larger items that will assist those of reduced mobility to live a more comfortable life.

These mobility aids and medical equipment include:

- Wheelchairs (various models)
- Walking Aids (frames, strollers, sticks, crutches)
- Commodes

We envisage that this equipment could be of benefit to those needing a:

- Temporary loan (after hospitalization, illness, visitor)
- Permanent loan (mobility, increased comfort at home)

If you or anyone known to you would benefit from this service, please **contact Riviera Lifeline.**
